Placing an order on our website is easy and convenient for all students and parents. You may have ordered online previously from other stores, the steps are similar and easy!  
Here is how it works:

1. The student/parent chooses the products and adds them to their cart.
2. When done shopping press on the cart (on the top left).
3. Make sure everything you need is in the cart and proceed by pressing on “Check out”
4. Fill in the student’s details
5. For the delivery there are 2 options:
  - a. Local pick up: which is free of charge and the order can be picked up from the school. (there will only be one option for pick up which is from our office but don’t worry! We will deliver it to the school.)
  - b. Delivery, which has a charge of 25 AED, and the order will be delivered to the student’s doorstep.
6. Enter code “ITIHAD”, so we know that you are a student of Al Ittihad School.
7. Press on “continue to payment”
8. Fill in the Billing address
9. Press on “complete order”. (make sure you only press this if you’re ready to pay, if you press it by mistake you will receive an email/SMS, but you can ignore it)
10. Finally, put in your card details to place your order securely.
